Below are instructions for your upcoming Mammogram. Please read them thoroughly and call 952-442-4461 with any questions.

1. If you have a breast lump, breast pain, or having nipple discharge, please call your physician prior to your scheduled appointment.
2. Do not wear any deodorant, powders, lotions, or ointments of any sort in the breast/underarm area prior to your scheduled appointment.
3. Being this is a Radiology procedure
  - a) we cannot allow children into the exam room
  - b) please contact your physician if there is any chance you could be pregnant
  - c) screening mammography is not recommended until breast feeding has been discontinued
4. The Society of Breast Imaging (SBI) recommends having your screening mammogram before a COVID-19 vaccine OR get your screening mammogram 6 weeks after your final dose of COVID-19 vaccine.
