Lakeview Clinic Celebrates Completion of Waconia Expansion and Renovation

WACONIA, MN: Lakeview Clinic is happy to announce the completion of its expansion and renovation project at its Waconia location, marking a significant milestone in its ongoing commitment to providing access to exceptional, patient-centered care.

“We are so excited to share our newly renovated space with our patients and community,” said Lakeview CEO, Tracy Rheineck. “This project was designed with our patients in mind; creating a more welcoming, accessible, and efficient environment while also allowing for continued growth.”

Patients will immediately notice significant improvements throughout the facility. The lobby and waiting areas have undergone a full renovation, creating a brighter, more modern, and welcoming atmosphere. A newly designed entry vestibule provides additional space for wheelchairs and improved accessibility, ensuring a smoother and more comfortable arrival experience for all patients.

The renovated **optical shop** now features an expanded footprint and a clean, modern aesthetic that aligns seamlessly with the updated design of the clinic. Additional display areas have also been thoughtfully incorporated throughout the lobby, creating enhanced opportunities to showcase frames and sunglasses.

The clinic’s exterior has also been transformed, featuring new glass and blue accent panels that give the building a clean, contemporary look with the intent of complementing Hwy 5 frontage in Waconia.

This expansion represents Lakeview Clinic’s continued investment in the Waconia community and its dedication to meeting the evolving healthcare needs of the region.

Growing Alongside Waconia

The completed project includes the addition of new clinical space to support the clinic’s OB/GYN and Podiatry teams. This expanded footprint allows Lakeview Clinic to better meet increasing patient demand and support the continued growth of its medical staff. Later this year, new physicians specializing in Internal Medicine, OB/GYN, and Family Medicine will be joining the team, further enhancing access to high-quality care.

Community Open House Coming This Fall

To celebrate the completion of the project, Lakeview Clinic will host a community open house in September. Families will be invited to tour the newly renovated space, meet providers from across specialties including **Family Medicine, Pediatrics, OB/GYN, Internal Medicine, General Surgery, Podiatry, and Optometry** and enjoy a variety of fun activities planned for all ages. Additional details about the open house will be shared in the coming months.

- Thank you to Kraus-Anderson for their dedicated attention to high quality work and for ensuring Lakeview remained fully operational throughout this project.
